

Fleet

11+ Power Units

We know the risks around every bend – it’s how we became one of the largest trucking insurers in the market. IAT’s Fleet Program is designed for contract and common carriers operating 11 to 250 power units. Common solutions we provide include auto liability, physical damage, cargo and general liability.

Outside of our Fleet program, IAT Commercial Truck has additional programs for risks with 1 to 10 power units for owner-operators needing non-trucking liability/physical damage.

Coverage That Never Cuts Corners

We offer solutions for your truckers’ needs through our AM Best rated A- company:
Harco National Insurance Company
