 - Oversize/Overweight Haulers

TOP-NOTCH LOSS CONTROL SERVICES.

We consider ourselves to be professional risk-takers. We've been in the industry a long time and we know the loss exposures truckers face and can help combat them with comprehensive, best-in-class coverages. In addition, we have an in-house team of experienced Loss Control Specialists that equip truckers with the tools they need to improve safety and reduce risk before they even turn the ignition key. We help mitigate loss by offering onsite safety assessments, recommendations and helpful resources, supporting DOT compliance efforts and serving as a consultant for drivers regulated by Federal Motor Carrier Safety Regulations.

Partner with our experienced Loss Control Specialists to assess loss exposure and develop custom safety programs. We provide:

- A website with an extensive collection of complimentary driver safety videos and fleet resources to help reduce and prevent losses
- Free unlimited access to online driver training programs
- A safety program library with templates to assist in development of safety policies and procedures
- Technical experts strategically located throughout the country to assist our customers
