

IAT LOSS CONTROL –

YOUR NEWEST BUSINESS ASSET!

When you have insurance with IAT Insurance Group, our Loss Control Specialists become an integral part of your operation.

As a member of the IAT Insurance Group, TransGuard Insurance Company of America, Inc. has become the trusted name in moving and storage. For over 40 years TransGuard has focused on the needs of the industry and is fully committed to providing clients with the finest, most comprehensive insurance coverage.

The mission of the Loss Control Team is to add value to our customers and business partners by providing innovative, consultative Loss Control Services that aid and support existing Risk Management programs.

Our experienced Loss Control Team evaluates risks and provides loss control solutions that may help prevent many losses from occurring. Our goal is to enable our partners to protect their assets, reduce claims and manage risk successfully.

Through superior financial strength and deep expertise in the industries we serve, we provide specialized insurance products and services unique to the needs of our customers.

Improve your operations

How partnering with Loss Control Services from IAT Insurance Group can improve your operations:

- Increase the safety awareness of your employees
- Identify risks and loss exposures
- Expertise in managing and reducing exposures to loss
- Analysis of your current loss trends to reduce and control losses
- Assistance in developing Fleet Safety Programs

FEATURES, BENEFITS, AND SERVICES

The Loss Control Team conducts onsite safety and loss control to help you, our partner, better manage exposure to loss.

We develop recommendations to help you manage exposures.

We support your D.O.T. compliance efforts with focused, consultative assistance for our clients regulated by Federal Motor Carrier Safety Regulations.

We provide Quarterly Safety Newsletters to keep safety issues front and center.

Our business partners have access to our website, which offers many programs and resource materials.

The website provides 24/7 access to safety training documents, such as proper lifting techniques, cargo securement, and accident avoidance and on-demand training videos, including such topics as:

- **Cargo Handling**
- **Backing and Docking**
- **Coupling and Un-coupling**
- **Defensive Driving**
- **Fatigue Management**
- **Hours of Service**
- **Cargo Securement Rules**
- **Rear-End Collision Avoidance**
- **Speed Management**
- **Winter Driving**
