

IAT Earns Two Workplace Honors, Named Insurance Insider Employer of the Year and a Fortune Best Workplace

RALEIGH, N.C. (October 6, 2026) - IAT Insurance Group, a leading specialty property and casualty insurance and surety provider, has earned two workplace honors, being named Employer of the Year by Insurance Insider Honors US and ranking No. 28 on the 2026 Fortune Best Workplace in Financial Services & Insurance™ list in the small and medium category.

The recognitions reflect IAT's continued focus on creating a workplace where employees feel supported, engaged and connected.

Insurance Insider Honors US named IAT Employer of the Year following an independent evaluation of finalists from across the U.S. property and casualty (re)insurance industry. The award recognizes organizations based on demonstrated impact, results and supporting evidence. IAT was recognized for its commitment to employee engagement, the strength of its rewards and benefits programs, and its people-first culture.

The Fortune Best Workplaces in Financial Services & Insurance™ recognition is based on employee feedback analyzed by Great Place To Work®. This year, Great Place To Work and Fortune analyzed survey feedback from approximately 194,000 U.S. employees in the financial services and insurance industry. IAT ranked number 28 among the top 50 small and medium workplaces, marking the company's fourth year on the list.

"What makes these recognitions especially meaningful is that they reflect our culture from two different perspectives," said Bill Cunningham, CEO of IAT Insurance Group. "One comes directly from the experiences our employees share, while the other recognizes the impact of the programs and practices that support them. Both are a reflection of our employees and the culture we continue to build together."

IAT has continued to receive recognition for its workplace culture in recent years. Earlier in 2026, the company was named one of Newsweek's America's Greatest Midsize Workplaces for Culture, Belonging & Community, an honor based on independent analysis of employee feedback across more than 120 workplace indicators.

About Insurance Insider Honors US

Insurance Insider Honors US recognizes excellence across the U.S. property and casualty (re)insurance market. Shortlisted entries are independently evaluated based on demonstrated business impact, results and supporting evidence.

About the Fortune Best Workplaces in Financial Services & Insurance™ List

Great Place To Work® determines the Fortune Best Workplaces in Financial Services & Insurance™ list by analyzing confidential employee survey feedback. The survey measures employees' workplace experiences across areas including trust in leadership, respect, fairness, camaraderie and pride. Companies are evaluated based on employees' experiences across the organization.
